

Home for the Holidays

a hopeful winter ale

Home for the Holidays is a smooth, malty, warming brown ale, made with loads of roasted malts and fermented with a Belgian yeast strain. Hints of chocolate and raisin are balanced with liberal doses of Saaz and Halletauer hops. It's perfect for evenings with that special someone in front of the fire, or to celebrate the return of a family member who's been away . . .

Profits from the sale of this product will be donated to Iraq and Afghanistan War Veterans of America. Please see our web site for more information.

Alcohol by volume: 7.0%. Home for the Holidays is available in 22 oz bottles and 30 liter American Sankey kegs.
